## APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit is issued subject to all existing rights on the source. A substantial headgate and measuring device must be installed and maintained to facilitate the measurement and control of water.

The State retains the right to regulate the use of the water herein granted at any and all times. This right is limited to the water available at the point of diversion. The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 15.0

cubic feet per second, or a yearly duty of 4 acre-feet per acre of land irrigated from all sources.

Actual construction work shall begin on or before July 18, 1956

Proof of commencement of work shall be filed before August 18, 1956

Work must be prosecuted with reasonable diligence and be completed on or before July 18, 1957

Proof of completion of work shall be filed before August 18, 1957

Application of water to beneficial use shall be made on or before July 18, 1964

Proof of the application of water to beneficial use must be filed with State Engineer on or before August 18, 1964

Filed AUG 25 1955

Proof of commencement of work filed

Proof of Completion of work filed SEP 10 1957

PROOF OF BENEFICIAL USE FILED JAN 11 1964

WITNESS MY HAND AND SEAL this 18th day

of January, 1956

WITHDRAWN BY APPLICANT
